

Deshbandhu College for Girls

**Report on
Career Counselling Session organized by Techno India University**

Career Counselling Session organized by Techno India University on 17.11.2022

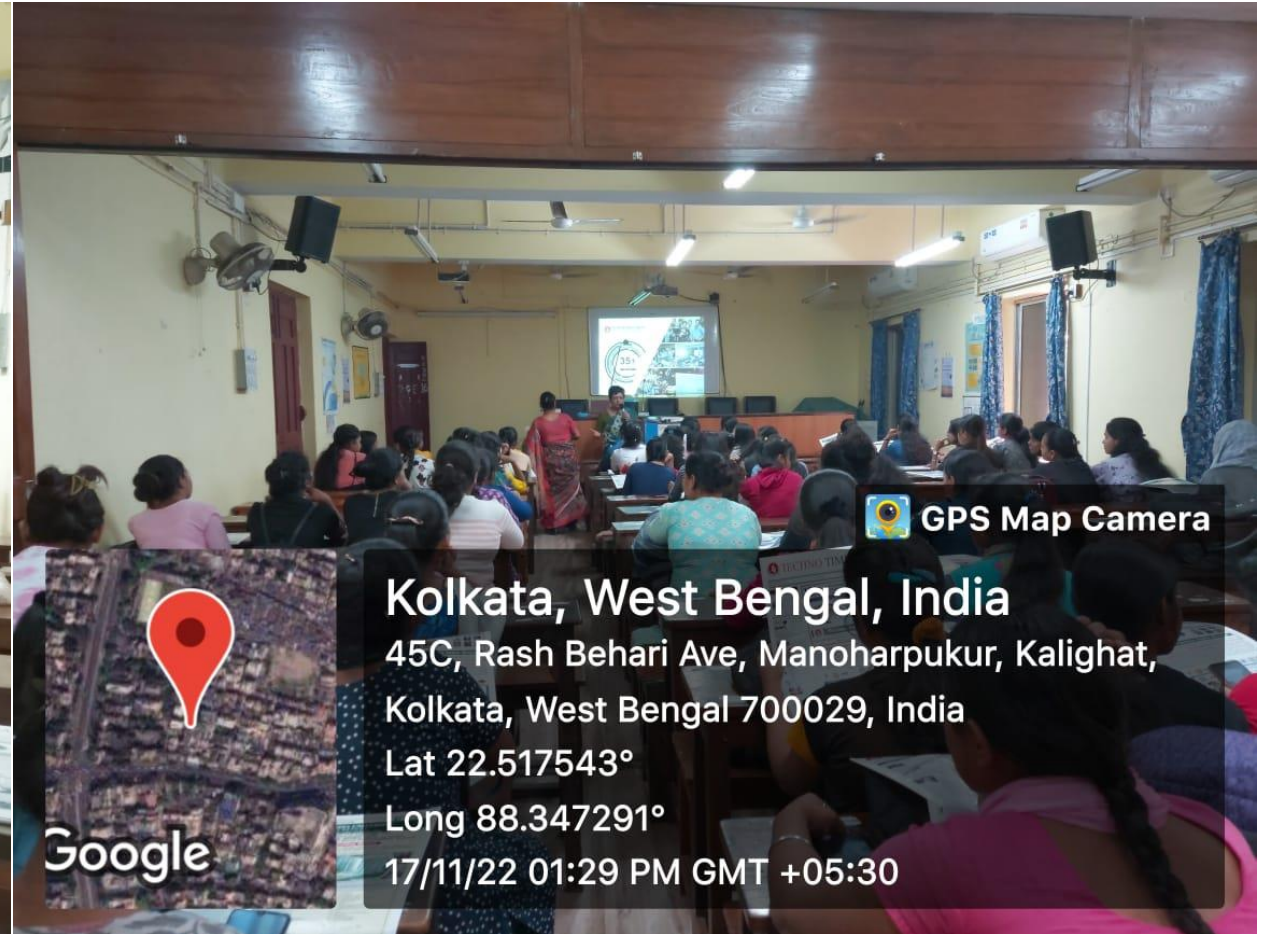

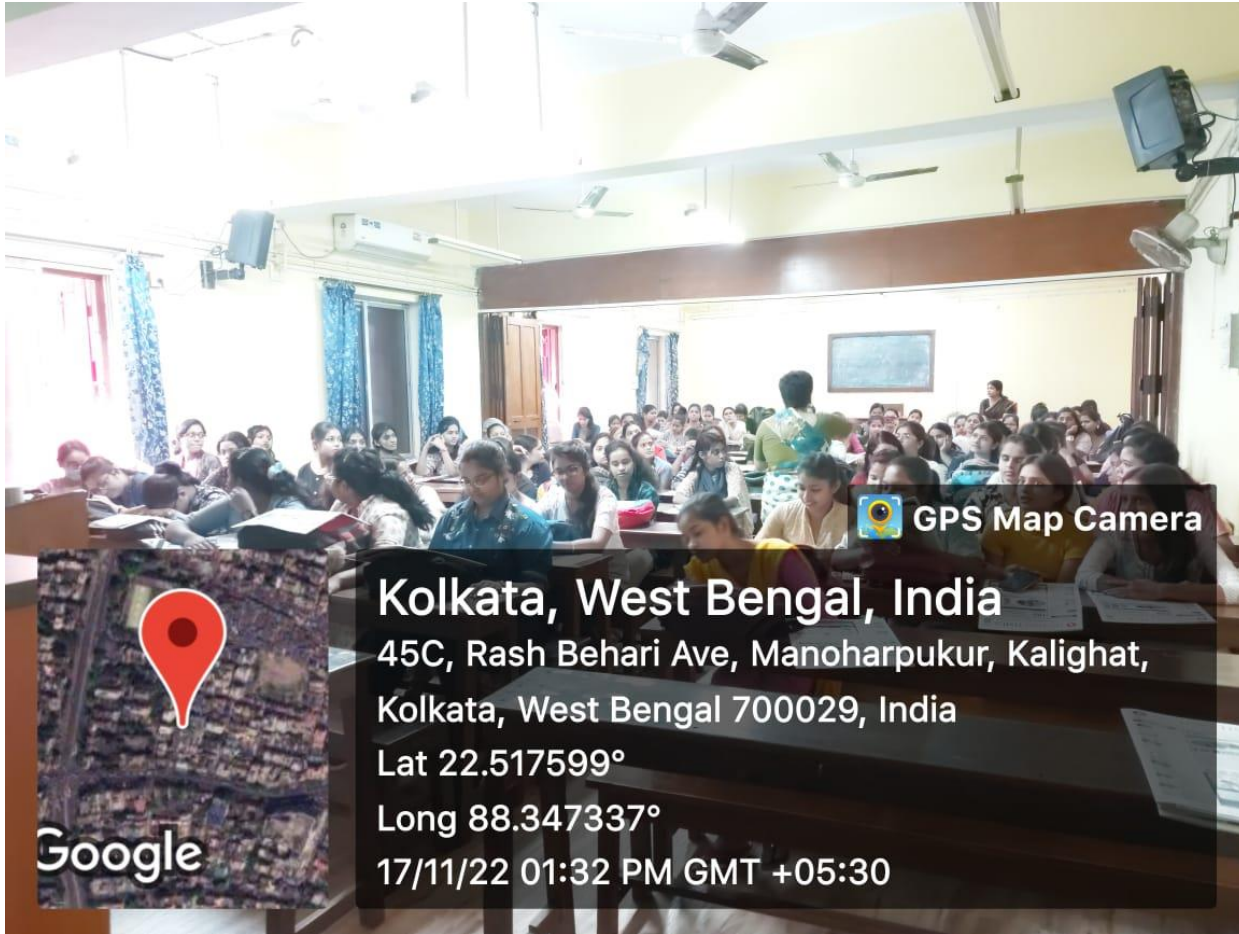

Number of Students present: **95**

Among the various institutions or organisations, that visited the college campus, was Techno India University. The speaker tried to motivate the students (specially those of Semester V) by instilling in them the requirement of enrolling themselves in some particular professional course, which will ultimately help them in getting a job in this cruel world in a proper way.

The feedback of the students was quite interesting, as we found that many did speak to the delegates, who visited the campus, after the session and expressed their interest in joining the institution. The students provided the delegates with their details – name, semester, contact number.
