

# **Deshbandhu College for Girls**

## **Report on Special Class on "Creating CV or Resume"**

## **Special Class on "Creating CV or Resume" on 09.09.2022**

Total number students: **58**

The Placement Cell of the college always takes initiative in preparing the students for the future; students are to face the big bad world after graduation. The placement cell has held special classes from time to time to give an idea to groom the students in every possible way – appropriate application of themselves, grooming them for interviews, placements, etc. One such class, which was held in the session 2022-23 was a class regarding the creation of a CV(Curriculum Vitae) or Resume, the first stepping stone into the job market. Students from Semester III and Semester V attended the special class, where the significance of curriculum vitae was explained as well as the details of Resume were discussed and how the resume should be created was taught. The special class was made more interesting since everything was explained with the help of Power Point Presentation. Enthusiastic students were asked to create their own CV.

Attendance sheets, were distributed among the students, where their signatures were taken. After the special class, it was observed that students themselves came to the teachers with files having prepared their own CV so that the latter can have a look at those CV and ensure the students whether they are preparing them well or not.
